

# Sharing WHAT WE HAVE

## 1 Set out a glass tumbler about half filled with water, a tray and a bowl of marbles

“Let’s name as many good things from God as we can. Every time someone names something good from God we will put a marble into the glass. We’ll see if all of the marbles fit into the tumbler without spilling any of the water. What are some good things God gives us? To start, what are things that God gives us that we NEED?”

## 2 Take ideas from the children and let them each pick a marble to put into the glass tumbler.

“God gives us all that we need and more!! An overflowing cup reminds us that we have so many good things in our lives that we can’t even hold onto all of them!”

“God invites us to SHARE with those who are in need. Romans 12:13 says ‘Share with God’s people who are in need.’ Let’s say it together.” (NIV)

Let us pray:

Thank you, God, for taking care of all our needs. Thank you for shelter, food, water, health care and schools. Thank you for people who love us, too. Help us to remember to share with those in need so they may have a good life.

Amen
